*** The appropriate teacher will tell students of book requirements for other elective subjects not listed.**

Farrer Canteen

On the year 9 and year 10 book lists the subjects denoted by an asterisk are the compulsory subjects for each student.

The Canteen has all these books available for sale at the beginning of Term 1 2020 and can help students with their books.

Each year we put together a basic book pack for years 9 & 10. Usually this costs around \$24.00 and then students can add their elective subject books.

The Canteen provides good quality stationery and also sells Casio Calculators, Farrer Pencil Cases and the Farrer School Beanies

Eftpos is available at the Canteen and makes purchasing books a lot easier.

Remember supporting the Canteen supports the School.
