

Sheep Structural Assessment

Assessment Date: 25/7/2018

Since 2011 the Farrer Sale rams have been independently structurally assessed by Tim Lawrence of Advanced Livestock Services (02) 67755783 or 0419147419. The system uses the Visual Sheep Scores developed by Australian Wool Innovation Limited (AWI) and Meat and Livestock Australia (MLA). All females have been and will continue to be structurally assessed to ensure the Farrer flock maintains a structurally sound breeding base. Any animals deemed inadequate will be culled.

How to use The Visual Sheep Scores

The sheep Structural Assessment System uses a 1-5 scoring system.

- A score of 1 is **very good**.
- A score of 2 is **good** with animals showing slight variation from the ideal.
- A score of 3 is **average** with animals showing greater variation from the ideal.
- A score of 4 is **poor**. Farrer doesn't catalogue these animals.
- A score of 5 is **very poor**.

* EXCEPT Side view

- A score of 1 is **very straight**. Farrer doesn't catalogue these animals
- A score of 2 is animals showing slight variation from the ideal.
- A score of 3 is **ideal**
- A score of 4 is animals showing slight variation from the ideal
- A score of 5 is **very sickled**. Farrer doesn't catalogue these animals
